

Stop wasting time and resources filling crash report requests.

CrashLogic is a **no cost**, e-commerce solution that manages the process of filling crash report requests, and provides valuable insights and data analysis that can be used to create safer roadways, validate special programs and qualify your agency for grants.

Your agency can begin to benefit from CrashLogic™ today by calling **1-866-495-4206** or emailing us at pimsupport@appriss.com.

Our solution pays for itself

There are **no hidden fees** because the cost of our solution is covered with each report purchased. With our solution you will receive the following benefits:

Greater efficiency

Your records department will spend less time handling crash report requests, thus reducing operating costs and freeing your staff to work on other important tasks.

Collision mapping and analytics

Powerful analytics and trend analysis of your crash data provided from your automated crash mapping.

Improved processing

Appriss takes care of all invoicing and bill processing. There is no work on your part, other than depositing the single monthly check we send you.

Additional revenue

Your reports are available online 24 hours a day, seven days a week. This ease of access will result in more reports sold which translates into additional revenue for your agency to use as you see fit.

HELPING YOU SERVE AND PROTECT YOUR CITIZENS WITH THESE OTHER SOLUTIONS.

VINE™ – The Appriss suite of VINE (Victim Information and Notification Everyday) products and services empowers victims, law enforcement, court personnel and other concerned citizens to stay up-to-date with custody status, criminal proceedings, court information, protective orders, and more.

The following services are available at **no cost** as part of our bundled CrashLogic offering:

JusticeXchange™ – A national database of more than 95-million records of incarcerated individuals that helps law enforcement find wanted persons.

NPLeX™ - The National Precursor Log Exchange helps fight meth production by tracking over 75% of the nations PSE purchases, and providing law enforcement access to those purchase logs.

MobilePatrol™ - A smartphone app that helps connect you to your community. MobilePatrol gives your citizens easy access to an impressive list of information and features that you can control. Now you're connected!

GET THE MOST FROM OUR EXPERIENCE

A leader in collision records management and repository services since 1999, Appriss currently has formed trusted partnerships with more than 5,000 agencies in 40 states. Approximately 25% of the accredited agencies in the U.S. sell their collision reports through our proven solution.
